

THE STARSYS™ SYSTEM Product Selection Guide

Starsys™ System — Medication Cassette Transfer Carts

45-21

MEDICATION CASSETTE TRANSFER CART

Features:

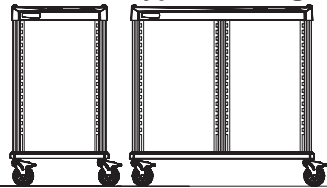

- Cart can carry as many as twenty-four cassettes at one time, reducing the number of trips required.
- Cassettes are accessible from both sides of the cart.
- A variety of dimensions are offered: single and double widths, three heights: 42", 45" and 48" (1060, 1136 and 1212mm).
- Medication Cassette Transfer Cart was designed to be used in conjunction with the Starsys Unit Dose medication system.

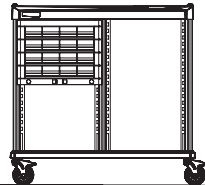

SXRS46TRAN with optional Medication Cassettes

Select:

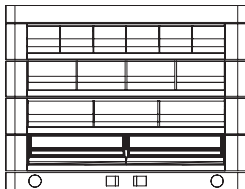

1. Cart shell type and height.

2. Cassette sizes to fill the selected cart shell*

3. Bin sizes to fill the selected cassette shells*

SXR46TRAN with optional Medication Cassettes and Handle.

*For cassette and bin selection, refer to Medication Cassette Product Selection Guide (Spec Sheet 45.22).

Metro incorporates several elements in its product design to support a facility's cleaning protocols:

- Microban® antimicrobial protection helps prevent the growth of stain and odor causing bacteria on the product.
 - Advanced polymer and other proprietary finishes provide corrosion resistance
 - Smooth rounded corners to allow for easier cleaning
- Look for the "red check" symbol for this added protection.

THE STARSYS™ SYSTEM

I. Select a Shell

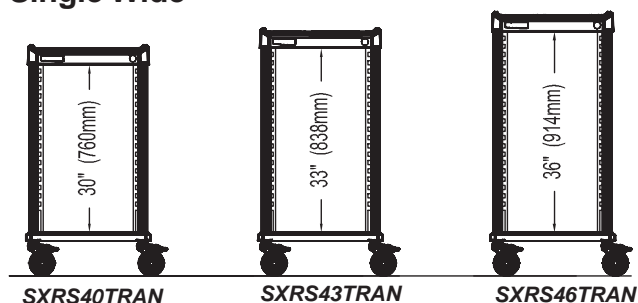

The medication cassette transfer cart shells are available in single and double wide dimensions. They include epoxy powder-coated center panels which separate the cassettes on the front side from the cassettes on the rear side. All standard shells are non-locking. Locking shells are available upon request. Contact your Metro Representative for details.
